

PHOTO CHALLENGES

1. Build a structure (from LEGOS, Blocks, Pillows or anything you can think of) as tall as you. Take a selfie with it.
2. Find a volunteer (friend, parent or a sibling) and stack 5 cheerios (oreo cookie, gummy bears or anything you prefer) on his nose. Take a picture. Extra points if you do this while the” volunteer” is sleeping.
3. Find things that look like letters of your name. Take pictures of all of them. If you can’t find all of them, be creative and make things look like letters of your name.
4. Find 10 items of your favourite colour in the house and take pictures of them.
5. Take a picture of something that doesn’t belong in that place.
6. Zoom in on your camera, take a picture of a small detail and let someone guess where the picture was taken. Be very sneaky!
7. Take a picture that shows 1 hand and 10 fingers. You might have to do some stacking.
8. Close your eyes, take 20 steps, and take a picture. Without looking at the picture name all the things you think you took in the picture. Write them down and give it to your parent.
9. Take a picture of 5 things that start with letter “B”.
10. Pick a toy and give it the life it deserves by setting up the scene it was meant to be in. We all know superheroes or barbies don’t belong on the shelf! Take a picture of your toy’s new fancy life.
